“ To the Reed Family,

*Some of my fondest memories as a child were spent in the company of Aunt Evelyn and Uncle Bob. As a "city boy", their farm life was magical to me. Aunt Evelyn was always so sweet and kind. I remember once when I sunk chest deep in a compost manure pile in between the milk house and the chicken house and Aunt Evelyn cleaned me up. She was always there with an ice cold glass of "Hopper-Dope" which was an orange drink that I think was actually Tang. For some reason you all called it Hopper Dope and I have always remembered that fondly.*

*Evelyn and Bob were always so enthusiastic when I asked if I could shovel manure from the barnyard into the manure spreader. I have since learned that ALL of my brothers enjoyed that on their visits to the farm. ( Crazy city boys! ) I remember thinking what a great house Evelyn and Bob had, complete with a music room, so cultured... yet the smells from the barnyard would drift through the house which I actually liked. All of you Reed kids seemed so smart to me with your piles of school books on the kitchen table. What a great life to live on this farm and have the opportunity to study and attend college to become so successful, and follow your dreams. ( I could never understand why you didn't want to be dairy farmers !!!) Your Mother and Father obviously raised you right and I am sure you realize how great they both were to give you a hard working up-bringing that taught you valuable lessons.*

*I loved them both and am so sorry that Evelyn has passed on but I feel she had such a great life and can now be with Bob again.*

*She and Uncle Bob always looked so healthy to me with their tanned faces from work outdoors. This is how I will always remember them both. I will also remember them drinking endless cups of coffee all day long in their kitchen, listening to the Farm Report on the radio and providing a little city boy like me with endless fond memories.*

*My deepest condolences to you all.*

“ To My (Reed) Family;

*I am so sorry that I could not make it to the visitation or the funeral but I am there in thought. I will miss my Great Aunt Ev who so highly resembled my grandmother her sister Guenelda. I have several fond memories going to the farm and playing with the animals and listening to the piano playing. I know that she lived a Wonderful long life and she is no longer suffering as she did in the end. God Bless all of you and I will keep you in my thoughts and prayers.*

*Love,*
