“ Howard was always a joy to care for at the Brodhead Vision Clinic. We always looked forward to a visit from the "Candy Man", and his candy gifts.

“ Howard was my great uncle and I have many memories from childhood that include him. It has been several years since I last saw Howard but he always remembered to send a birthday card to my son. Wish we were able to make it for his funeral but we will remember all the memories.

“ I remember Howard from my many years at Brodhead vision clinic. He was such a sweet man. By "sweet" not only in personality but by the sweet candy treats he made sure to bring in every visit. Such good memories of Howard.

“ Howard was always so cheerful when he came to the Vision Clinic. We all really enjoyed his visits, and his "candy treats". I worked with Dr. Prudhon for 36 years, so I got to know Howard quite well. Even after I retired, I would see Howard in the Piggly Wiggly store in Brodhead.
