“ I was deeply saddened to hear of Janie's passing. Please accept my deepest sympathy. Having worked with Janie at Rock Valley Community Programs I grew to know her and appreciate her amazing strength and conviction to her work and her family. Her tenacious work ethic even during her illness was a testament to her true grit. She always had a smile for everyone she met. Janie was a pleasure to work with and I feel this is my loss too. I will miss her very much.

“ I worked with Janie at RVCP in Janesville, WI for the last three years. Although I hadn't known Janie a long time, her presence at work has been missed since she left us. You wouldn't know that Janie was ill because she still smiled and was very pleasant to all she encountered. She would cheerfully get my supplies when she placed my monthly order. I hope that she was able to go to Dollar Tree to enjoy her own shopping. Gone but never forgotten. Take care Janie, may you rest in the arms of Christ.

I was quite surprised to hear of Jamey\'s illness and of her passing. Altho I am miles away from home, I still have fond memories of my high school years-- I still see her passing in the high school halls - slow gait, but always with a big smile on her face.....God Bless you Jane.....

“ I am so sorry for your loss. Your Mom and Dad was neighbors of my parents Gilbert and Rose King when they lived in Belleville. My mother told me tonight of your mother's death. What can to mine was when I saw her in June of 2006 at my Dad Gilbert's wake. I was so thrill to see her after a long time and appreciated that she had come to my dad's wake. What I remember was her telling me that night was she had been diagoinizd with cancer and she wanted to tell me but at the time of my dad's death she did not want to tell my mother at that time. I know later she and my mother either talked or saw each other and my mother was told. As Mom said today she said she was going to beat it. That wish did not come true and I just wanted tell the family how very much we enjoyed know both your mother and father and the good times my dad and your dad had when your dad would go the land behind my parents farm and if someone was around he would always stop and talk a while and some times the while got to be a little to long, but that was my dad and my mother would always say come on we have work to do after she gave them some time to talk. The neighbors who became friends and the neighbors who enjoyed knowing them. So please except our prayers and deep sympathy for your loss and I will alwasys remember seeing her are my dad's wake and how much her coming meant to my family at that time. I am sorry I did not hear about her death sooner and get my mother to the wake. My mother did not see the obituary in the Monroe Paper and late today was called by a friencd of her's from Monroe and told about the death notice in the Monroe paper and she felt bad that she had missed it.
