“ Dear Heidi and family,
I wanted you to know that I have you all in my thoughts and prayers as you grieve for your mom. I can still see her smile and hear her laugh. She will always be near when you need to talk, you may not hear her reply but she will hear you just the same. I think it is when we lose our parents that we realize now we are the family elders. It seems funny but life goes on and the cycle of life continues.

I know her last months were not her best, so remember her before she was sick, tell stories that make you laugh and it will make losing her a little less difficult. I am sending lots of hugs for your whole family; I wish I could be there in person.

Love to you all, Denise

“ My heartfelt sympathy to your family at the time of your loss. I only know of Joyce through my work colleague, Sue, her daughter-in-law, but I enjoyed reading about her life in this obituary. She seemed like a remarkable woman. Sometimes we forget that our grandparents and parents had a whole life before being "grandparents". My condolences. Farrah Rifelj

“ Dear Phillip, Sue and family:
I send prayers and thoughts of sympathy and support in this difficult time. Cherish your memories until you get to see her again. As people of faith, remember:
"Life is eternal and love is immortal; And death is only a horizon.
And a horizon is nothing save the limit of our sight."
