“ *Brielle & Family:  
For the entire time that I knew Larry, he was a kind and gentle soul. Brielle, when he spoke of you he would "light up". He said you were his baby girl and showed me a picture of him holding you as an infant. He then pointed to his heart and said you were in there. When I looked up he had tears in his eyes. Knowing that communication was a struggle for Larry, I thought that spoke volumes. My thoughts and prayers are with you and your family.*

“ Brielle: I'm so very sorry for your loss. Larry talked of you so very often, always with great love, memories, and hopes for your future. You were the sunshine in his life! Always remember the good times...

*The Keller Family: I am so very sorry for your loss as well. Larry did everything with full passion and seemed to embrace life. Unlike some of his siblings, I didn't know much about Larry until he was older, but I found his stories entertaining. So many of them included you--his loved ones. He would laugh and laugh until he was crying. :)*

*I hope you are all able to always remember the fondest of memories with Larry.*
