“ *Kenzi was a student in 2 of my studio art courses at UW-Whitewater.*

She was so good in 2-D Design that I recruited her to be in an upper level course, Intaglio Printmaking. The outstanding quality of her work was on par with her more experienced peers, and she fit right in with the community of art students working on campus during Covid.

I'll always remember Kenzi as a gifted artist with a tenacious work ethic. She asked questions, explored inventive solutions, and thought deeply. She seemed always driven to improve. But although very serious, Kenzi was also fun loving, athletic and musical. She often spoke of her family with warmth and affection. Please know that those of us from Whitewater's Department of Art and Design send our heartfelt condolences to her family and friends. We will really miss her.

“ *Kenzi and I started the summer in 2019 together with the most excitement I've ever seen us have. This was a video of us at the dam in brodhead, dangling our feet over the edge. Where we both came up with the idea to record short videos and photos of each day we spent together as friends. We didn't always remember to capture photos everytime we hung out, because we were having so much fun. She showed me this photo editing app that I started using on that day. I'm still too sad to open the app up because all thsts on there is mostly her and I. I miss dancing with her. I miss scream singing thru songs together. I miss her. I'll live with you in my heart Kenzi* ❤️

“ *Makenzi was a positive realist. She brought perspective that took me out of my darkest times. She was there for me when few were, and she always was a genuine listener. Makenzi had a rare beauty about her that we will never forget and always cherish. Love you always.*
