“ One of my first "paid" jobs was when Melinda very kindly took me along to help wash dishes at some function at the Newcomer Funeral home, located right behind Melinda's house. She was so kind and caring to me, and I have never forgotten the experience. She showed the ability to mentor someone else before mentoring became a thing. I am sure she will be greatly missed by her family and friends. May she rest in peace.

“ *My deepest sympathy is extended to Melinda's family. I was a classmate of Melinda's and will always remember her energy moving from one class room to another at BHS and her expressive smile and sense of humor. I am confident that our deceased classmates welcomed her with open arms. Jan E. Peterson*

“ *Melinda made me a homemade lasagna when I was a teenager. I bought all the ingredients and took it to her house and she made it. We had a couple of late night Facebook messaging talks, but she always complained that her Internet wasn't working as fast or that her computer was too slow. She was a great cousin, may she rest in peace.* ”

“ *It's sad and hard to lose a classmate and great friend. When we had a garden we would always share our tomatoes which she really loved especially the cherry ones. I remember Melinda telling me that when she would be on the computer there was a bowl of tomatoes next to her. We always kept in touch and had a lot of good conversations. If one of us couldn't remember something to tell each other, her reply would be post-it-notes. I will miss her, but, know that she won't have to be in pain anymore.* ”

*“ Melinda and I were classmates and great friends in school. On our class trip, she and I would sing. We must of been good. No one said "stop singing" they did say sing a different song. We only knew three songs. It must of been a long trip for some of us. Melinda has now taken one last trip. I and many other will miss but never forget her. She is in my heart and in my mind for ever.
