“ I remember Mike was very good friends with Merlyn Taylor in Brodhead. I remember meeting Mike through Merlyn when we were all around 16 - 17 years old. Mike was good guy, someone you could count on and any friend of Merlyn's, I knew was a stand-up person. I very much remember the decorated stand out bright Christmas type lighting that decorated those huge semi trucks when they rolled the road through Brodhead. Lit up front to back and up around the top. Spectacular! And I knew one of the drivers! RIP Mike and Blessings to your family and friends.
