“ Nick was my very favorite neighbor in Janesville. He and his family lived a few acres away. I learned to play accordian because of him (qnd i still play every now and then). Rest big brother....

“ *Nick means the world to me! He's like my second Dad. One of my favorite things to do, as a kid and now, is to stop in, visit with everyone and see what project everyone was working on! My Dad always commented about how incredibly knowledgeable Nick was and was a TREAT to work with for him! From Big Band music playing, to figuring out what the heck they were going to do next. It was always so incredible to see and hear the stories! I learned so much about airplanes, their inner workings, plus the time and progression of rebuilding these wonderful old aircraft. It always AMAZED me! I will miss Nick with my entire heart and soul. All you of mean the world to me and I have felt a part of your family my entire life! Sending all my love, hugs and support.*

“ To the family of Mr. Nicholas "Nick" M. Quint; Please accept my condolences for the loss of your loved one. Although I don't know your family personally we are all a part of the human family with the same need for love and compassion. At some point in life we all have or will experience this loss. The good news though is that God has promised thru Jesus Christ to do away with this "enemy" (1Corinthians 15:26) Revelation 21:3-4 promises that all of the things that cause suffering and heartache will be gone. I pray for your comfort through the scriptures.
Sincerely; Mary J. Booker- Lake Summerset resident

“ "Papa Nick" was a kind and generous soul. Whether he was enjoying a "buh-ske-tee" dinner with my son, Logan, at Benadetti's or working his magic on a dead solenoid so my family could go boating (while he stayed in the hangar and worked), Nick was always putting the needs of others first. His selflessness was an inspiration. His smile brightened any room and his laughter was bold and infectious. We'll miss you, Nick. May you have fair winds and following seas... R.I.P.

“ I never knew Nick had a musical side..but can assure all that the sound of those radial engines was music to my ears back when we were all at Blackhawk Airways...we had the best maintained Twin Beech 18's anyone could ask for..and there was never a time he would not patiently explain any aspect of the plane us pilots did not understand...we criss crossed the country in those planes, hauling car parts or pallets of whatever was called for..Nicks name was synonomous with trust and respect..not to mention that we just plain liked him a lot..my greatest regret is that I did not get to know him better..like Mr Kevin Wixom..they are gone way too early..and are sorely missed..Rest In Peace Mr Quint..
