“ Ryan you will surely be missed. Growing up with you and then reconnecting with friends later in life is always nice. You made me and others laugh and we always had a great time. I'll always remember working at Advance Transformers In Monroe and the times we all shared there. May you rest in peace my dear friend 🙏

“ I will always be grateful for the time Ryan helped me move which there are always very few takers in that category but he showed up and stayed to the very end....that was something I never forget over the years...no matter his issues...or the demons he was fighting which we all have...sometimes we beat them and other times they get the best of us...but I knew I could count on him if I truly needed something...and those are the thoughts I will truly remember him by...
