“ *I worked with Tom for the past few years. He was a caring person who was always willing to help others out whenever he had could wether it was a ride, a listening ear, or even a couple of dollars. He was a firm believer in karma and always said he'd rather be on the good side of it when it was time for it to come back around. Those of us who had the chance to know him knew that he loved both of his sons with all his heart and he was so proud of both of them for all they had accomplished. His main regret was not being able to patch things up and communicate better about his past decisions. His kindness and caring nature will truly be missed by all of us who got a chance to know him. We were extremely blessed and grateful to have had him in our lives and he will definitely be missed by all of us.*

“ Tom and I go back almost 30 years he was my boss at Uniek Inc. in Waunakee, we became friends then and best friends later on, he was always somebody that you can count on he would be there for you for just about anything he was the best man at my second wedding unfortunately that marriage didn't last, (Mutual separation). He was even there for me in the aftermath of that, we were there for each other through all kinds of good times and bad times. I hope that Tom found the Lord I prayed for him continuously may he rest in peace and always be looking down on those who loved him and that he loved, amen
